

## Here's What Educators in Southern Illinois, Missouri and Kansas are Saying About Chalkwaves Plus!

*"Being able to use the product "on demand" has enabled me to integrate the videos as I progress through the various units of study we cover. The video many times enriches the lesson presented or helps to clarify difficult concepts."* **Gayle McGehee, Fairfield District 112**

*"Allows the visual learner the opportunity to 'see' the topic of discussion along with reading text and hearing discussion."* **Pam Fleming, Murphysboro Units District 186**

*"The programs about holidays are wonderful. It gives the students so much more information about the holidays than the book does. The students get an understanding about the history of the holidays that the book cannot give."* **Denise Zurliene, Fairfield District 112**

*"In my K classroom, we discuss the letters that start the students' names. With Letter TV, each child can see a movie about his/her own letter."* **Lisa Bunting, Fairfield District 112**

*"As with text books, I have to guarantee quality. I can trust my local PBS station to work with our media specialists through the Chalkwaves ITV Council to select the highest quality programs available in the market."* **Dr. Dan Colgan, Superintendent --- St. Joseph**

*"I have been able to share video with my students on topics we are studying without the wait of several days to get one from our AV supplier."* **Kim Brede, St. Rose District 14 – 15**

*"It's like 'tap water'-- just turn it on, turn it off. No need to download in advance or store to individual computers. And best of all, no Internet congestion or expense, which makes our tech guys really happy!"* **Karen Romang, Media Specialist --- Shawnee Mission**

*"We took a look at the various commercial services out there and pretty quickly realized the best way to move giant files such as video into the classroom without busting the bank was to take the Chalkwaves approach and just put it on the LAN. It's much faster and avoids congesting our Internet. We set up all our schools in less than a month."*

**Joe Fives, Director of Technology and Information Services --- Kansas City, Kansas**

*"I use Chalkwaves for every content area I teach: science, social studies, language, etc. It has been extremely beneficial."* **Donna Pugh, Murphysboro Units District 186**

*"Students can gain more experiences with subject matter we are studying. They can see things up close and personal. I really like being able to pause and discuss—also the ability to jump quickly to a specific part of the program."*

**Debbie Glodo, Murphysboro Units District 186**

*"Chalkwaves is another medium to incorporate into a roomful of diverse learners. It appeals to visual and audio learners alike."* **Crey Law, Murphysboro Units District 186**
